100 SPRING ST., FAIRHAVEN, MA

WHAT'S GOING ON

Our first full week was a hot one! Our students were good sports through it all, but we are looking forward to a cooler week! We had our Opening Ceremony for our Holympics, complete with classroom flags, passing of the torch and praising God through song. Special thanks to Asst. Superintendent, Denise Peixoto for joining us for the kick off!

This week our first sessions of Lego Club, Lego Club Jr., Cooking Club, Craft Club, Choir and Drama all begin. It's going to get busy! We are still looking for an after school care worker for Mondays and Fridays.

On Thursday we begin our first round of MAP testing (Gr. 3-8) for the school year. These computerized tests provide much valuable data in your child's progress of learning. In the past, lollipops were allowed during testing. If you would like to donate a bag to your child's class, we would be grateful. Please, no gum.

REMINDERS

Gentle reminder that there is no parking and leaving your vehicle in the drop off or pick up line UNLESS you must quickly unbuckle a child from a car seat.

Preschool and PreK students ONLY may be dropped off at the semi circle for morning care between 7:00AM and 7:45AM. All other students are to use the main entrance.

If you are in need of school insurance, it can be found on our web page under FORMS. We are still working at being more successful with FACTS SIS - we will pass on anything we learn about the family portal.

Lunch - once your child chooses a meal in the morning, they cannot change it at lunchtime.
