

Future fourth graders & families,

I can't wait to be your teacher this Fall! To get everyone ready for fourth grade here are my summer work assignments due on the first day of school.

Book Choice – Fourth Grade Rats by Jerry Spinelli – I heard everyone really enjoyed Third Grade Angels and I love Jerry Spinelli so I hope you enjoy the book!

Book assignment: The assignment for the reading is a 3 page guided book report. You can be creative and color it in. This book report will count as a project grade for reading.

For math I am assigning four topics. I would like at least one IXL done per topic. I recommend 30 minutes a week. This will count towards a math homework grade. The listed topics and IXL assignments are listed below.

All other class information will be available at meet the teacher night. I am so excited to be your teacher this year and I hope you have a fantastic summer!

- Mrs. Boudreau-Read (kboudreau-read@sjsf.dfrcs.org)

Week 1 - Place value

1. Place value names up to ten thousands
